Handwritten text on a palm leaf manuscript strip, likely in Sunda script. The text is arranged in several lines across the length of the strip. There are two circular holes visible on the strip, which were traditionally used for threading a cord to bind multiple leaves together.

A second, darker palm leaf manuscript strip, possibly the reverse side or a continuation of the text. It shows some faint markings and a single circular hole, but the text is mostly illegible due to its dark color and wear.
